2023 LEGISLATIVE UPDATE!

January 12, 2023

PROTECTING CHILDREN FROM HARMFUL LIFE CHANGING SURGERIES!

BILLS: House Bill 1118 – Rep. Lorissa Sweet
House Bill 1220 – Rep. Michelle Davis
House Bill 1231 – Rep. Ryan Lauer

SUBJECT: Children should not be subjected to **harmful life changing surgeries** and medical procedures in an attempt to **change** a biological boy to a girl and a biological girl to a boy. Boys should **not** be castrated, girls should **not** receive a mastectomy, and neither boys or girls should receive **puberty blockers** in an ill advised effort to change their sex. House Bills 1118, 1220 and 1231 will help **protect children** from these tragic surgeries and harmful medical procedures that will scar them for the rest of their lives.

ACTION: Please call or email your State Representative with the following message: "Please vote YES on House Bills 1118, 1220 & 1231 in order to protect boys and girls from harmful life changing surgeries and medical procedures in an attempt to change their sex; and that will scar them for the rest of their lives.

House of Representatives: 1-800-382-9842

PROTECTING CHILDREN FROM PORNOGRAPHY!

BILLS: Senate Bill 12 – Senator Jim Tomes
House Bill 1130 – Rep. Becky Cash

SUBJECT: Anyone that provides **pornography** to a child should be prosecuted! Unfortunately, current law contains a **defense** to a criminal

prosecution for a school employee who does that at school. Senate Bill 12 and House Bill 1130 **removes** this defense so that in the future if a school employee provides a student with **pornography**, they can be **prosecuted** the same as someone who does this to a child outside the school.

ACTION: Please call or email your State Senator about SB 12 and State Representative about HB 1130 with the following message: "Please vote YES on SB 12 (for your Senator) and HB 1130 (for your State Representative) to protect children in the public schools from pornography."

For SB 12 – State Senate: 1-800-382-9467

For HB 1130 - House of Rep: 1-800-382-9842

PROTECTING CHILDREN FROM MANDATORY VACCINES INCLUDING COVID-19!

BILL: House Bill 1083

AUTHOR: Representative Jake Teshka

SUBJECT: Parents are responsible for raising their children and **not** the government!

Under current law the Indiana Department of Health can **order** children in Indiana to be **vaccinated** for **Covid-19** or any other disease even if the vaccine is

experimental and even if the vaccine is potentially **harmful** to children! House Bill 1083 will help **protect** the children and help protect the **right of parents** to raise their children because it **removes** the authority from the Indiana Department of Health; and

requires the **Indiana General Assembly** to make this important decision involving children.

This **change** in the law will give the citizens the opportunity to **testify** at a public hearing at the State House; and requires the **elected legislators** to make the decision about a **future vaccine** for children rather than to leave this decision with **unelected state employees!**

ACTION: Please call or email your State Representative with the following message: "Please vote YES on House Bill 1083 to protect Hoosier children from being forced to take a Covid-19 Vaccine or other vaccine based on a decision by unelected state employees. The General Assembly should make this decision about a future vaccine for children."

House of Representatives: 1-800-382-9842

PARENTAL CHOICE IN EDUCATION!

SUBJECT: In 2011 Indiana passed the **most expansive** school choice law in the Nation. Every **child** deserves the **opportunity** to get a first-class education and every **parent** deserves the **opportunity** to be able to choose where their child will be educated so they can **succeed** in life. That's what **school choice** is all about. Advance America supported the original legislation in 2011 and **supports expanding** the current school choice law so **more parents** can choose where to educate their child.

PROTECTING CHRISTIAN SCHOOLS!

SUBJECT: Christian schools are presently free to operate in Indiana according to the Bible. There are continual efforts in the General Assembly to take away this freedom. The government should not be able to tell a Christian school how they can operate, including telling the Christian

school who they can hire or what they can teach. Advance America will continue to support the freedom Christian schools now have in Indiana. By the way, if the government can tell a Christian school how to operate, they can tell a church how to operate as well!
